A Weekly Legislative Report

Vol. 25 No. 10

3/21/2025

We are at the point in the legislature where very few committee meetings are being held. There seems to be a slowdown in new legislation being introduced through privileged committees. Both the House and the Senate have been meeting in the morning and then returning in the afternoon. There is a great deal of work yet to be done by the Joint Finance and Appropriations Committee (JFAC). They are responsible for all budgets for state government and submitting a balanced budget before the legislature can adjourn.

To stay up to date on previous legislation that has been reported in our Capitol Reviews and its status in the legislature we suggest you visit the Food Producers of Idaho website at www.foodproducersofidaho.org. On the home page you will see the Weekly Green Sheet listed. This is updated daily at this time in the session.

If you have specific questions on any legislation, please feel free to reach out to any member of the AMG Team:
